TEXAS HISTORICAL FOUNDATION  
—Established in 1954—
• **Rockport Cultural Arts District, Rockport**, won a grant to continue weatherproofing and renovation to the former San Antonio & Aransas Pass Railroad Depot, which serves as a hub for the Cultural Arts District, after sustaining significant damage during Hurricane Harvey in 2017.

• **Friends of the Texas Historical Commission, Austin**, will use its grant towards speaker honoraria for the 2023 Real Places Conference, the Texas Historical Commission's annual interdisciplinary historic preservation conference.

• **Bolivar Point Lighthouse Foundation, Port Bolivar**, received a grant to provide detailed architectural drawings for the reconstruction of the upper lantern and gallery of the 1872 lighthouse, part of the Foundation’s ongoing efforts to ultimately allow the public interior access to one of the few remaining 19th century lighthouses in Texas.

Since 1954, the Texas Historical Foundation has funded preservation and education projects around the state and helped promote the cultural legacy of Texas. Among the group's efforts is its award-winning Texas HERITAGE magazine and an active grants program. For more information, see texashistoricalfoundation.org.
