Honorary THF Director Red McCombs passes away at 85

The self-made businessman built his wealth in the automotive and communications industries.

Back now to meeting the man… He and I came face-to-face for the first time when I was writing an article about collectors for THF’s magazine. He welcomed me warmly with a booming voice and talked knowledgeably about his 7,000-item assemblage of artifacts, which date back to the 17th century.

As I reflect now on that meeting, I realize that he wrote his own epitaph that day. Those four simple words say it better than any of us could. — Gene Krane

In 2017, the McCombs Foundation was recognized by the Texas Historical Commission with the Texas Heritage Trails Program’s 2017 Star of Texas Award, which is given to exceptional Texans whose contributions have changed the face of the Lone Star State.
